

### **Beneficiaries of The Trust:**

Beneficiaries of Regenboog India Foundation are carefully selected based on the project activities. It is explained in the following lines, how Regenboog offers its selects of the beneficiaries.

#### **Mobile Medical Clinic:**

The beneficiaries of the mobile medical clinic project are living in the remote villages of Tiruvannamalai Districts. At present this project is implemented in the following Taluks:

1. Tiruvannamalai Taluk
2. Chengam, Taluk
3. Polur Taluk
4. Jamnamarathur Taluk

Beneficiaries in this project are only patients who needed medical assistance for their health issues. Most of them are belongs to poor socio-economic backgrounds and most of them are working as farmers or agricultural labourers. Beneficiaries' details are maintained in pharmacy software along with their name, age, sex and village names properly and the same is provided to the Drug control department too for their inspections regularly.

#### **Mobile Library:**

Beneficiaries of this project are the students from the Government schools in the following Taluks:

1. Tiruvannamalai Taluk
2. Kilpennathur Taluk
3. Chengam Taluk

Students from the Government middle and high schools are enrolled as mobile library members and they are strictly referred by the Headmasters of the respective schools only. Each and every student is given with a barcoded ID card and their complete details are maintained in a library software without fail.

#### **Evening Schools:**

Beneficiaries of this project are the students from the Government schools and private schools. At present the students are coming from the slums located in the villages and also economically backward areas of Tiruvannamalai town. Presently the students are coming from the following areas:

1. Periya Paliyapattu
2. Pudhur
3. Devanandal
4. Adaiyur
5. VOC Nagar
6. Adhi Sheshan Nagar
7. Chinna Paliyapattu
8. Athiyandal
9. Iyampalayam

Students are from economically and socially backward families and most of their parents are working as daily labourers for lower income. All student details are maintained in a database regularly and it is open for any donors and government officials always.

**Educational Sponsorship Program:**

Beneficiaries of this project are students from economically backward families. Student details are maintained in a database regularly and it is open for any donors and government officials always. At present, the students are from Tiruvannamalai Taluk, Chengam Taluk and other small villages nearby Tiruvannamalai.

**Science Park:**

Beneficiaries of these two parks are the children and people from the Tiruvannamalai region. These are the public parks that belong to the Government of Tamilnadu and are maintained by Regenboog. So, these two parks are open to the public.

**Environmental Care Program:**

These activities are carried out in and around of Tiruvannamalai region and the beneficiaries are various Government departments this project is completely implemented with local support only.

**Menstrual Hygiene Project:**

This project is implemented in the District of Tiruvannamalai and now it is mainly implemented at the Government schools of the District.
