

The mission of Regenboog India Foundation

1. By appropriately identifying the needs, provide the services that are required.
2. Showing greater respect to the recipients and educating them about the services Regenboog provides.
3. At Regenboog workplace, uphold the strictest norms of candour and openness.
4. Offering absolutely free access to the highest quality of basic rural healthcare to those residing in isolated areas.
5. Providing the best education possible to students from low-income families and grooming them to be the best citizens of the country for a better future.
6. Encourage students to read more frequently, restoring their moral and ethical principles in the process.
7. Increasing awareness of menstrual hygiene among girls and women so that it is no longer a taboo subject!
8. Making it possible to spend time in parks rather than on televisions, smartphones, or the internet.
9. Planting more trees and protecting the forest of Holy Mountain Arunachala and Kavuthi Hills for a better future.
10. Providing water to animals in the foothill forests and thus saving them!
11. Supporting society whenever natural calamities happen by all means.
12. Cooperating with and supporting the government in various ways where the organisation is also a part of the government
